**Dear Member,
Happy New Year !!!**

Hope you all have started your new normal life by now. Last year though we had stopped our regular screening due to Corona disaster, we were in constant touch of our members through social media. Classic and contemporary films were provided to members for home screening. FFSI [WR] had taken initiative to curate these films. We had published our Vaastaw Roopwani issue during this period. The articles are also available on online web platform Bahuvindh.com. We have already given access of this web platform to our members .

Last year in the month of May we had planned a grand celebration of Satyajit Ray's Birth Centenary but unfortunately we had to cancel our programs due to pandemic situation . Now as we are beginning our screening from this month, we will be screening Satyajit Ray's one of the classics Aparajito.
